NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.
3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.
4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.
5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.
7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further, take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would:
(a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the Canadian Charter of Rights and Freedoms is amended by adding thereto the following subsection:

s. 20, amended 3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communications by public with Ontario institutions (3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation 4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1982*.

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17 modifié 1. L'article 17 de la Charte canadienne des droits et libertés est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19 modifié 2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la Législature de l'Ontario (3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui

sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communica-
tions
entre les
administrés et
les institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
29. *Mr. McNeil*—Resolution—That, in view of the success to date of agricultural trade missions in promoting the sale of our farm produce, this House strongly supports and encourages the initiatives of the Ontario Ministry of Agriculture and Food for the expansion of export trade.
30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.
33. *Ms. Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and

subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.

34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
36. *Mr. Kells*—Resolution—That, this House, recognizing that airborne pollution and acidic precipitation are serious problems in Ontario, recommends that the Government of Ontario seek to increase public awareness of this subject in general and its effects by: (1) including the subject of acid rain in curriculum guidelines for Science and Environmental Science at the Intermediate and Senior levels; and (2) ensuring that resource materials, textbooks and other teaching aids suitable for this purpose are available to Ontario schools.
37. *Mr. Watson*—Resolution—That in view of the continuing importance of agricultural growth to Ontario, as well as the importance of new scientific and technical developments in the field of agriculture, this House advocates the creation of a Select Committee or a sub-committee of the Standing Committee on Resources Development to examine the levels of both private and public sector funding for agricultural research and development in the Province and to report back to this House or the Standing Committee as is appropriate.

38. *Mr. Runciman*—Resolution—That, this Assembly, while acknowledging the world leadership role of the Ontario compulsory arbitration system, is cognizant of the need for continuing review to maintain that role and thus supports the initiation of a study, by a committee of this Legislature, to include, but not be limited to, the following: (i) the concept of a permanent panel of arbitrators vested with guaranteed tenure; and (ii) the establishment of a set of guidelines for arbitrators which would require that arbitration awards be confined to evidence adduced at an arbitration hearing and that such evidence must include an assessment of the economic conditions of the regions that will be affected by their rulings.

39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:

Life, liberty,
security of
person and
enjoyment
of property

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

40. *Mr. Reed* (Halton-Burlington)—Resolution—That, in order that Ontario Hydro be made accountable to the people of Ontario, in the opinion of this House the Government should: (i) immediately introduce legislation requiring the Minister of Energy on behalf of the Government to issue, on or before the first day of July, 1983, a comprehensive policy directive setting out the policy framework in respect of the production, generation, transmission, distribution, supply, sale, use and development of energy resources in Ontario within which Ontario Hydro must operate. The policy directive and any amendments shall be tabled in the Legislature and shall contain: (a) a statement of the respective duties and functions of the Government of Ontario and Ontario Hydro in relation to energy matters; (b) a specification of the policy objectives of the Government of Ontario in relation to energy matters; (c) a specification of the financial objectives of Ontario Hydro; (d) a specification of the limitations that may be imposed upon the operations of Ontario Hydro by the Government of Ontario and the conditions under which these limitations may be imposed; and (e) a description of the future operations to be conducted by Ontario Hydro in order to fulfil its responsibilities and assist in achieving the policy objectives established by the Government of Ontario, including an estimate of the extent to which these operations will require financial assistance from the Government of Ontario; and (ii) immediately appoint a committee of the Legislature to review Ontario Hydro's proposed system expansion program, its performance in relation to the above-mentioned policy framework, and such other matters as the Committee may consider relevant for its purposes.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further, take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
29. *Mr. McNeil*—Resolution—That, in view of the success to date of agricultural trade missions in promoting the sale of our farm produce, this House strongly supports and encourages the initiatives of the Ontario Ministry of Agriculture and Food for the expansion of export trade.
30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.
33. *Ms. Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and

subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.

34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
36. *Mr. Kells*—Resolution—That, this House, recognizing that airborne pollution and acidic precipitation are serious problems in Ontario, recommends that the Government of Ontario seek to increase public awareness of this subject in general and its effects by: (1) including the subject of acid rain in curriculum guidelines for Science and Environmental Science at the Intermediate and Senior levels; and (2) ensuring that resource materials, textbooks and other teaching aids suitable for this purpose are available to Ontario schools.
37. *Mr. Watson*—Resolution—That in view of the continuing importance of agricultural growth to Ontario, as well as the importance of new scientific and technical developments in the field of agriculture, this House advocates the creation of a Select Committee or a sub-committee of the Standing Committee on Resources Development to examine the levels of both private and public sector funding for agricultural research and development in the Province and to report back to this House or the Standing Committee as is appropriate.

38. *Mr. Runciman*—Resolution—That, this Assembly, while acknowledging the world leadership role of the Ontario compulsory arbitration system, is cognizant of the need for continuing review to maintain that role and thus supports the initiation of a study, by a committee of this Legislature, to include, but not be limited to, the following: (i) the concept of a permanent panel of arbitrators vested with guaranteed tenure; and (ii) the establishment of a set of guidelines for arbitrators which would require that arbitration awards be confined to evidence adduced at an arbitration hearing and that such evidence must include an assessment of the economic conditions of the regions that will be affected by their rulings.

39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:

Life, liberty,
security of
person and
enjoyment
of property

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

40. *Mr. Reed* (Halton-Burlington)—Resolution—That, in order that Ontario Hydro be made accountable to the people of Ontario, in the opinion of this House the Government should: (i) immediately introduce legislation requiring the Minister of Energy on behalf of the Government to issue, on or before the first day of July, 1983, a comprehensive policy directive setting out the policy framework in respect of the production, generation, transmission, distribution, supply, sale, use and development of energy resources in Ontario within which Ontario Hydro must operate. 544. *Mr. McClellan*—Enquiry of the Ministry—Would the Minister of Health advise the House how many patients at the Queen Street Mental Health Centre have wandered out of the Centre without official leave during July, August and September of 1982. How many of these A.W.O.L. patients were involuntary. *October 20th, 1982.*
545. *Mr. Wildman*—Enquiry of the Ministry—Would the Ministry advise the House of the total cost for travel and accommodation for provincial Ministers of the Crown and provincial public servants and employees who attended the official opening of the Hallmark Town Centre in Hornepayne on Friday, October 15th, 1982. Would the Ministry also indicate the total number of provincial public servants and employees who were released from their regular duties to attend the opening ceremony, the total number and total cost of commercial air tickets required to transport provincial employees to and from Hornepayne and the total number and total cost of chartered air flights used to transport the Premier and the Minister of Northern Affairs and their staffs and other employees of the Provincial Government to and from Hornepayne for the opening ceremony on October 15th, 1982. Further, would the Ministry advise the House of the total number and total cost of hotel rooms rented to provide overnight accommodation in Hornepayne for provincial public servants and employees who attended the official opening and/or the banquet and dance at the Hallmark Centre on October 15th, 1982. Finally, would the Ministry indicate the total cost of reimbursing those provincial public servants and employees who travelled to the opening ceremony by automobile rather than airplane for mileage to and from Hornepayne. *October 20th, 1982.*
546. *Mr. Epp*—Enquiry of the Ministry—Would the Premier provide information with respect to the sex and ethnic background of Ontarians appointed to serve on all the Province's agencies, boards and commissions. This information should illustrate how the total number of Ontarians appointed is allocated: (a) between male and female; and (b) among the various ethnic groups. *October 20th, 1982.*
547. *Mr. Di Santo*—Enquiry of the Ministry—In the letter of the Workmen's Compensation Board dated September 13th, 1982, and directed to Mr. Prospero Salemi (Claim No. C8849103), it is stated: "In addition you did not advise the Canada Pension Plan that you were actively seeking suitable employment." Would the Minister advise whether the policies of the Workmen's Compensation Board have been changed and the disability rating is now similar to those of Canada Pension Plan. If not, could the Minister explain why is it that the Workmen's Compensation Board never uses Canada Pension Plan criteria when they are in favour of the injured worker while they use Canada Pension Plan to cut benefits of the injured workers. *October 20th, 1982.*

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further, take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
29. *Mr. McNeil*—Resolution—That, in view of the success to date of agricultural trade missions in promoting the sale of our farm produce, this House strongly supports and encourages the initiatives of the Ontario Ministry of Agriculture and Food for the expansion of export trade.
30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.
33. *Ms. Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and

subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.

34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
36. *Mr. Kells*—Resolution—That, this House, recognizing that airborne pollution and acidic precipitation are serious problems in Ontario, recommends that the Government of Ontario seek to increase public awareness of this subject in general and its effects by: (1) including the subject of acid rain in curriculum guidelines for Science and Environmental Science at the Intermediate and Senior levels; and (2) ensuring that resource materials, textbooks and other teaching aids suitable for this purpose are available to Ontario schools.
37. *Mr. Watson*—Resolution—That in view of the continuing importance of agricultural growth to Ontario, as well as the importance of new scientific and technical developments in the field of agriculture, this House advocates the creation of a Select Committee or a sub-committee of the Standing Committee on Resources Development to examine the levels of both private and public sector funding for agricultural research and development in the Province and to report back to this House or the Standing Committee as is appropriate.

38. *Mr. Runciman*—Resolution—That, this Assembly, while acknowledging the world leadership role of the Ontario compulsory arbitration system, is cognizant of the need for continuing review to maintain that role and thus supports the initiation of a study, by a committee of this Legislature, to include, but not be limited to, the following: (i) the concept of a permanent panel of arbitrators vested with guaranteed tenure; and (ii) the establishment of a set of guidelines for arbitrators which would require that arbitration awards be confined to evidence adduced at an arbitration hearing and that such evidence must include an assessment of the economic conditions of the regions that will be affected by their rulings.

39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:

Life, liberty,
security of
person and
enjoyment
of property

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

40. *Mr. Reed* (Halton-Burlington)—Resolution—That, in order that Ontario Hydro be made accountable to the people of Ontario, in the opinion of this House the Government should: (i) immediately introduce legislation requiring the Minister of Energy on behalf of the Government to issue, on or before the first day of July, 1983, a comprehensive policy directive setting out the policy framework in respect of the production, generation, transmission, distribution, supply, sale, use and development of energy resources in Ontario within which Ontario Hydro must operate. The policy directive and any amendments shall be tabled in the Legislature and shall contain: (a) a statement of the respective duties and functions of the Government of Ontario and Ontario Hydro in relation to energy matters; (b) a specification of the policy objectives of the Government of Ontario in relation to energy matters; (c) a specification of the financial objectives of Ontario Hydro; (d) a specification of the limitations that may be imposed upon the operations of Ontario Hydro by the Government of Ontario and the conditions under which these limitations may be imposed; and (e) a description of the future operations to be conducted by Ontario Hydro in order to fulfil its responsibilities and assist in achieving the policy objectives established by the Government of Ontario, including an estimate of the extent to which these operations will require financial assistance from the Government of Ontario; and (ii) immediately appoint a committee of the Legislature to review Ontario Hydro's proposed system expansion program, its performance in relation to the above-mentioned policy framework, and such other matters as the Committee may consider relevant for its purposes.
